Your Rights and Choices

Access to Specific Information and Data Portability

You have the right to request that we disclose the categories of Personal Information we've collected about you, the categories of sources, our business purpose for collecting it, the categories of third parties we share it with, and, upon specific request, the specific pieces of Personal Information we've collected about you.

Correction

You have the right to request that we correct inaccurate Personal Information we maintain about you. After verifying your request, we'll evaluate it and disclose the action we've taken.

Opting Out of Use of Sensitive Personal Information

You have the right to request that we limit our use and disclosure of your Sensitive Personal Information, subject to exceptions permitted by law, including where the information is reasonably necessary to provide the services you've requested.

Deletion

You have the right to request that we delete, and direct our service providers to delete, the Personal Information we've collected from you, subject to certain exceptions — for example, where the information is necessary to complete a transaction you requested, detect security incidents, comply with a legal obligation, or exercise free speech.

Exercising Your Rights

To exercise your access, correction, deletion, or sensitive-information rights, submit a verifiable consumer request by emailing help@AUMhealth.io.

Only you, or someone registered with the California Secretary of State and authorized to act on your behalf, may submit a request related to your Personal Information; you may also submit a request on behalf of your minor child. You may submit an access or data portability request up to twice in a 12-month period. Your request must include enough information for us to reasonably verify your identity or your authority to act on someone else's behalf, and describe your request with enough detail for us to evaluate and respond to it. We can't respond to a request we can't verify.

Response Timing and Format

We aim to respond to a verifiable consumer request within 45 days of receiving it. If we need more time, up to 90 days total, we'll tell you why and how long the extension will take. Our response will cover the 12-month period preceding your request, and will explain our reasons if we're unable to comply with any part of it. We don't charge a fee to process a request unless it's excessive, repetitive, or manifestly unfounded, in which case we'll provide a cost estimate before proceeding. We may also decline requests that meet that description.

Non-Discrimination

We won't discriminate against you for exercising your CCPA rights. Unless the CCPA permits it, we won't deny you services, charge you a different price or rate, provide a different level or quality of service, or suggest that you might receive different treatment because you exercised your rights.

Changes to This Notice

We may amend this Privacy Notice at our discretion and at any time. When we make changes, we'll notify you by posting an update to this page, and, where required by law, through other appropriate means.
