

AUMhealth™

Terms and Conditions

Last updated: August 16, 2026

AUMhealth is intended for specific non-emergency health and wellness needs. If you believe you are experiencing a medical emergency, call 911 or go to your nearest emergency room.

This User Agreement, together with our Privacy Policy, governs your use of AUMhealth.io and any related sites, applications, features, and services we operate (collectively, the "Platform"). "We," "us," "our," and "AUMhealth" refer to QH Token, Inc., a Wyoming corporation located at 30 N. Gould St., Suite 4000, Sheridan, Wyoming 82801.

Please read this Agreement carefully — it sets out the legally binding terms for your use of the Platform.

THIS AGREEMENT CONTAINS A MANDATORY ARBITRATION PROVISION IN SECTION XXII, INCLUDING A CLASS ACTION AND JURY TRIAL WAIVER. BY ACCEPTING THESE TERMS, YOU AGREE TO BE BOUND BY THAT PROVISION, INCLUDING THE ARBITRATION REQUIREMENT AND THE CLASS ACTION WAIVER.

I. Introduction

These Terms of Use ("Terms") describe your rights and responsibilities in using the AUMhealth Platform. Use of the Platform is governed by these Terms and our Privacy Policy. By accessing or using the Platform, you confirm that you've read, understood, and agree to be bound by both.

You may have arrived at the Platform through a site operated by a third party, including an AUMhealth affiliate or partner. Regardless of how you arrived, these Terms are entered into directly between you and QH Token.

By using the Platform, you consent to conduct business with us electronically and to engage with the independent healthcare professionals and clinical entities accessible through the Platform, and you agree that electronic consent carries the same effect as a physical signature. You also consent to receive disclosures, notices, and other communications from us and, where applicable, our clinical network partners, at the phone number and email address you provide. If you don't agree to these Terms or our Privacy Policy, please don't use the Platform.

II. Modification of Terms

We may amend these Terms, in whole or in part, at any time and for any reason, at our discretion. The "Last Updated" date above tells you when the Terms were last revised. If you continue using the Platform after an amendment is posted, you're considered to have accepted it. If any part of the amended Terms is unacceptable to you, your remedy is to stop using the Platform.

III. Description of AUMhealth

The Platform is designed to facilitate: (a) the collection and secure retention of your health information for use in provider encounters; (b) administrative support for scheduling and paying for care; (c) administrative support for coordinating optional fulfillment and payment of prescriptions ordered by your

provider; and (d) the technology that connects you with independent healthcare professionals for communication, evaluation, and treatment.

The Platform collects information from you — including your health history, current medications, symptoms, and relevant personal and demographic details — so that an independent healthcare professional can determine whether treatment is appropriate. That determination is made solely by the treating clinician, exercising independent professional judgment, and may result in a prescription, an alternative recommendation, or a referral elsewhere.

By using the Platform, you consent to us sharing the information you provide with the independent healthcare professionals, pharmacies, and laboratories in our clinical services network, solely as needed to evaluate and coordinate your care.

QH TOKEN AND AUMHEALTH ARE NOT A MEDICAL PRACTICE, HEALTHCARE PROVIDER, PHARMACY, OR HEALTH INSURANCE COMPANY.

Every healthcare professional accessible through the Platform is an independent professional, affiliated with an independent clinical entity, and is solely responsible for the care they provide. We do not control or interfere with their clinical judgment, and we are not responsible for the healthcare services they deliver or your use of them, including any resulting injury or loss.

IV. Eligibility

To use the Platform, you must:

1. Be at least 18 years old;
2. Live in the United States, in a state or territory where the relevant service is available;
3. Agree to be bound by these Terms; and
4. Have a compatible device, internet access, and any software needed to use the Platform (data and connectivity fees may apply).

Meeting these requirements doesn't guarantee you'll receive any particular service. We and the clinical professionals in our network may apply additional criteria at their discretion, including determining that a service isn't appropriate for a particular user. Contact help@AUMhealth.io for more information.

V. Availability

AUMhealth is available in all 50 states. That said, specific programs, medications, and services depend on your individual medical evaluation, provider and pharmacy availability, and applicable state law, and may not be available in every state at every time.

VI. Registration, Accounts, and User Data

Certain parts of the Platform are open to any visitor, but using our services requires registering for an account. The Platform may not always be accessible, and we're not liable if it's unavailable for any period or reason.

The Platform may include forms or fields that let you submit information or data to us ("User Data"). You agree that User Data you submit may be used, copied, or displayed by AUMhealth, and that we may

create derivative works from it. You grant AUMhealth, our service providers, our successors and assigns, and the healthcare professionals and clinical entities in our network a fully transferable, sublicensable right and license to use, reproduce, modify, analyze, perform, display, distribute, and disclose your User Data to third parties for purposes of providing the Services to you, conducting research and analysis, and designing, developing, and improving AUMhealth's current and future products, features, and services.

Where User Data includes protected health information, our collection, use, and disclosure of that information also remains subject to our Privacy Policy and Notice of Privacy Practices.

VII. Your Responsibilities

As a condition of using the Platform, you agree that:

1. All information you provide is accurate, complete, and current, and you'll keep it updated;
2. Your account is for your personal use only — you'll keep your login credentials confidential, log out at the end of each session, and not share your account or maintain more than one;
3. You'll notify us promptly at help@AUMhealth.io of any unauthorized use of your account or other security breach you become aware of;
4. You may be asked for additional information to support your care or a prescription; declining to provide it may mean we can't continue providing services to you; and
5. Because we can't independently verify everything you tell us, we're not responsible for consequences arising from inaccurate or incomplete information you provide. We may suspend or terminate your account if we have reasonable grounds to believe your information is false or your account is compromised.

VIII. Restrictions on Use

You agree not to, and not to help or permit anyone else to:

1. Use or attempt to use the Platform on behalf of someone other than yourself;
2. Use the Platform in a way that infringes another party's rights or violates any law, regulation, or these Terms;
3. Circumvent security features by modifying or "jailbreaking" the operating system of a device used to access the Platform;
4. License, sell, resell, sublicense, or otherwise commercially exploit the Platform or make it available to third parties;
5. Use the Platform to build a competing product or service, or in any way that disadvantages AUMhealth commercially;
6. Damage, disable, overburden, or otherwise interfere with the Platform or its infrastructure;
7. Attempt to gain unauthorized access to the Platform or any connected system or network;
8. Bypass, disable, or circumvent any security or technical protection measure we or our vendors use;
9. Introduce viruses, malware, or other harmful code to the Platform or any connected system;
10. Remove or obscure any trademark, copyright, or other proprietary notice on the Platform;

11. Use automated tools to scrape, monitor, or copy Platform content outside of normal, permitted use; or
12. Reproduce, republish, distribute, or build a database from Platform content or data.

IX. Intellectual Property

Subject to your compliance with these Terms, we grant you a personal, limited, revocable, non-exclusive, non-transferable license to access and use the Platform for your own lawful, non-commercial purposes. Nothing here transfers any other right, title, or interest to you, and all rights we haven't expressly granted remain ours.

The Platform and its content — including our branding, software, text, design, and other materials — are owned by or licensed to QH Token, except where stated otherwise. The AUMhealth™ name and related marks are our trademarks, and you may not use them without our written permission.

X. Medical Disclaimer

The Platform is designed to facilitate specific health and wellness services and should not be treated as comprehensive medical advice, diagnosis, or treatment. General content available on the Platform — articles, FAQs, graphics, and similar materials — is for informational purposes only and doesn't create a provider-patient relationship. Always consult your physician or another qualified healthcare provider with questions about your health, medications, or any course of treatment.

XI. Telehealth Consent

Telehealth connects you with a licensed healthcare professional using secure electronic communication rather than an in-person visit. Like any form of care, it has both benefits and limitations. Before receiving care through the Platform, you'll be asked to review and accept a separate Telehealth Informed Consent describing the relevant methods, risks, and limitations. By using the Platform, you agree that AUMhealth is a beneficiary of that consent and may enforce it.

XII. Prescription Medications; Compounded and Off-Label Treatments

Where medically appropriate, providers accessible through AUMhealth may prescribe FDA-approved medications, compounded medications, or medications for an off-label use, subject to applicable law and the prescriber's independent judgment. Every prescribing decision belongs to the treating clinician — not to AUMhealth or QH Token.

A compounded medication is not the same as an FDA-approved drug; compounded preparations are not FDA-reviewed for safety, efficacy, or quality before reaching patients. "Off-label" use means an FDA-approved medication is prescribed for a use, dose, or population outside its approved labeling. Discuss the risks, contraindications, and interactions of any prescribed medication with your provider and your pharmacy.

XIII. Program-Specific Terms

Depending on your program, the following apply in addition to the rest of these Terms:

A. Weight Management. Eligibility is determined through an individualized medical evaluation. Results vary substantially. Photos, testimonials, and estimated outcomes in our marketing are illustrative and not guarantees.

B. Men's Health. Evaluation may involve a review of your symptoms, history, and lab work where applicable. Reporting symptoms or requesting a medication doesn't by itself entitle you to treatment.

C. Peptides & Longevity. The regulatory status of peptide and longevity therapies varies and continues to evolve. Not everything discussed in our educational content is FDA-approved, prescribable, or appropriate for you; availability depends on law, clinical judgment, and pharmacy access.

D. Hair Health. Treatment may include prescription and non-prescription options. Results vary, take time to appear, and aren't guaranteed.

XIV. Pharmacies and Laboratory Services

Prescriptions are dispensed by licensed third-party pharmacies; AUMhealth and QH Token are not pharmacies. Depending on availability, applicable law, and your program, your prescription may go to a pharmacy in our clinical network or another appropriate pharmacy. Shipping timeframes are estimates unless we say otherwise.

Certain programs involve laboratory testing performed by independent third-party labs. Lab fees may be bundled into your program price or billed separately, and your provider may require testing before starting or continuing treatment.

XV. Payment, Subscriptions, and Refunds

You agree to pay all charges disclosed to you before purchase. Pricing may vary by treatment, medication, dosage, provider and pharmacy services, lab testing, subscription status, and location. We don't guarantee insurance coverage or reimbursement for any service unless we expressly state otherwise.

Some services are offered on a recurring subscription basis. Before you enroll, we'll disclose the price, billing frequency, and cancellation terms. Enrolling authorizes us to charge your chosen payment method on that schedule until you cancel in accordance with the disclosed terms; cancellation doesn't reverse a charge already properly incurred.

Refund eligibility depends on the service involved — clinical services already rendered, prescriptions already processed, compounded medications prepared specifically for you, and products already shipped generally have limited refund rights. Full detail is in our Subscription, Cancellation & Refund Policy.

XVI. Privacy and Health Information

Our collection, use, and disclosure of your information is governed by our Privacy Policy and, where applicable, our Notice of Privacy Practices and related healthcare privacy documentation. Providers and other covered entities involved in your care may maintain separate privacy notices governing their own handling of your information.

XVII. Communications

By providing your contact information, you authorize AUMhealth and the parties involved in your care to contact you as permitted by law regarding your account, appointments, treatment, orders, billing, and security. Marketing messages are subject to applicable consent requirements.

If you opt into SMS text messaging from AUMhealth, message and data rates may apply, and message frequency will vary. Reply STOP to any message to opt out, or email help@AUMhealth.io; reply HELP for assistance. Carriers aren't liable for delayed or undelivered messages. Consent to receive text messages is never a condition of purchase.

XVIII. Testimonials, Results, and AI-Generated Content

Testimonials reflect individual experiences and don't guarantee similar results for you — read them alongside any accompanying disclosures. We use artificial intelligence and other digital tools in parts of our website, illustrations, educational materials, and customer support. Some photos, renderings, video, or voices on our properties may be AI-generated, digitally altered, illustrative, or feature models rather than actual patients or providers, and shouldn't be read as depicting a real patient, provider, or result unless we've labeled it as such.

XIX. Third-Party Services and Links

The Platform connects you with independent providers, pharmacies, laboratories, a third-party clinical services network, payment processors, and other vendors, and may link to third-party websites. We aren't automatically responsible for a third party's acts or omissions just because they're reachable through the Platform, and we don't necessarily endorse any linked site. Use of any linked site is at your own risk. Nothing here removes any right you separately have against a third party under applicable law.

XX. Disclaimer of Warranties

THE NON-CLINICAL AUMHEALTH PLATFORM IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS, TO THE MAXIMUM EXTENT PERMITTED BY LAW.

We don't warrant that the Platform will be uninterrupted, error-free, secure, or free of viruses or other harmful code, and we disclaim all implied warranties, including merchantability and fitness for a particular purpose, to the extent the law allows. Nothing here disclaims obligations that can't legally be disclaimed or interferes with a healthcare provider's independent professional obligations.

XXI. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, QH TOKEN AND ITS AFFILIATES ARE NOT LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES ARISING FROM THE NON-CLINICAL AUMHEALTH PLATFORM, INCLUDING LOST PROFITS, LOST DATA, OR SERVICE INTERRUPTION, EVEN IF WE'VE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Nothing here excludes liability that can't legally be excluded, and nothing here relieves an independent healthcare professional, pharmacy, laboratory, or other regulated party of the responsibilities the law imposes on them directly.

To the extent permitted by law, QH Token's total liability for any claim arising under these Terms will not exceed one hundred U.S. dollars (\$100.00). Some jurisdictions don't allow this kind of limitation, so it may not apply to you.

XXII. Governing Law; Dispute Resolution; Arbitration

PLEASE READ THIS SECTION CAREFULLY. IT AFFECTS YOUR LEGAL RIGHTS, INCLUDING YOUR RIGHT TO SUE IN COURT AND TO A JURY TRIAL.

Except where applicable law requires otherwise, these Terms are governed by the laws of the State of Wyoming, without regard to conflict-of-law principles. Healthcare services you receive remain subject to the laws governing your treating provider and the state where you receive care.

Agreement to Arbitrate

You and QH Token agree that any dispute, claim, or controversy arising out of or relating to these Terms, your use of the non-clinical Platform, or your relationship with QH Token (a "Dispute") will be resolved by binding, individual arbitration rather than in court, except as described below.

Informal Resolution First

Before filing an arbitration demand, you agree to send a written description of the Dispute to help@AUMhealth.io so we can try to resolve it directly. If the Dispute isn't resolved within 60 days of that notice, either party may proceed to arbitration.

Exclusions

This section doesn't require arbitration of: (a) claims eligible for small claims court, brought individually; (b) claims for injunctive relief involving misuse of our intellectual property or unauthorized access to the Platform; or (c) claims against an independent healthcare professional, medical group, pharmacy, laboratory, or other third party arising from clinical care, which remain governed by that party's own agreements and applicable law.

Class Action Waiver

You and QH Token agree that arbitration will proceed only on an individual basis, not as a class, collective, consolidated, or representative action, and that the arbitrator has no authority to combine claims across individuals. If this waiver is found unenforceable as to a particular claim, that claim alone may proceed in court, with the remainder of this section still in effect.

Arbitration Procedure

Arbitration will be administered by a recognized arbitration organization (such as the American Arbitration Association) under its consumer arbitration rules, before a single arbitrator, in the county of your residence or another mutually agreed location, or by video or phone where the rules allow. The arbitrator's decision is final and binding, subject to any limited right of appeal under the Federal Arbitration Act, which governs this section.

Opt-Out

You may opt out of this arbitration agreement by emailing help@AUMhealth.io within 30 days of first accepting these Terms, including your name, account email, and a clear statement that you're opting out. Opting out doesn't affect any other part of these Terms.

XXIII. Copyright Infringement

We respond to good-faith notices of alleged copyright infringement consistent with the Digital Millennium Copyright Act. If you believe content on the Platform infringes your copyright, send a notice to help@AUMhealth.io that includes:

1. A signature (physical or electronic) of the person authorized to act for the copyright owner;
2. Identification of the copyrighted work claimed to be infringed;
3. Identification of the material you claim is infringing and its location on the Platform;
4. Your contact information;
5. A statement of your good-faith belief that the use isn't authorized; and
6. A statement, under penalty of perjury, that the notice is accurate and that you're authorized to act for the copyright owner.

XXIV. Suspension and Termination

We may modify, suspend, or discontinue the Platform, in whole or in part, at any time, and we're not liable to you for doing so. These Terms remain in effect for as long as you use the Platform; you may stop using it at any time, and your rights under these Terms end automatically if you violate them.

We may also suspend or terminate your access for fraud, abuse, security concerns, nonpayment, or other legitimate business or safety reasons, with or without notice. Ending your access doesn't end a healthcare provider's independent professional obligations regarding your existing care or records. Sections concerning Warranties, Liability, Indemnification, Governing Law, and Dispute Resolution survive termination.

XXV. Indemnification

To the extent the law allows, you agree to indemnify and hold harmless QH Token and its officers, directors, employees, and affiliates from claims arising out of your unlawful use of the Platform, your material violation of these Terms, fraudulent information you provided, or your infringement of another party's rights.

XXVI. Miscellaneous

These Terms, together with any policies and consents they expressly incorporate, are the entire agreement between you and QH Token regarding the Platform, except where a separate agreement expressly governs a particular service. If a court finds any provision unenforceable, the rest of these Terms remain in effect, and the provision will be interpreted to reflect its original intent as closely as possible. Headings are for reference only. Our failure to act on a violation doesn't waive our right to act on a later one. You may not assign your rights or obligations under these Terms without our written consent.

XXVII. Contact Information

Questions about these Terms can be directed to:

AUMhealth™

QH Token, Inc.
30 N. Gould St., Suite 4000
